E-Tech Global, LLC

Defense parts sourcing and supply

CAPABILITY STATEMENT

COMPANY OVERVIEW

E-Tech Global is a minority-owned small business that sources and delivers mil-spec and commercial parts to the Defense Logistics Agency. We find the right part from a network of manufacturers and distributors, price it competitively, and handle packing, marking and shipping to DLA requirements.

CORE COMPETENCIES

- NSN parts sourcing, including hard-to-find and low-volume items
- Electrical and electronic components: connectors, switches, relays, fuses, wire and cable
- Industrial supplies: gaskets, seals, fittings, couplings, fasteners, filters
- Packaging and marking to ASTM D3951, MIL-STD-2073 and MIL-STD-129 through our packaging partner
- DLA shipping through VSM, FOB origin and destination

PAST PERFORMANCE

Three DLA Land and Maritime awards won in 8 days (October 2026):

Contract	Item
SPE7M5-27-P-0420	Electrical connector, receptacle
SPE7M5-27-P-0524	Electrical connector, receptacle
SPE7L1-27-V-1221	Toggle switches

DIFFERENTIATORS

- RFQ responses within one business day
- Supplier-first sourcing that keeps pricing competitive
- Repeat-buy ready: we track parts DLA buys again and again
- NIST SP 800-171 score posted in SPRS
